Currency has made little change during the past week. Legal Tenders have advanced. The Hibernia Bank of San Francisco offers to loan sums of \$5000 at 7 per cent.; less sums at 8 per cent. If the banks in the cities and towns of Nevada and parts of California would follow the same example and reduce their rates, this reduction would redound to the advantage of business men generally. The bonanza mining stocks continue to tumble. This weakness is thought to result from the fact that many of the Eastern holders of this stock have lost much confidence in it and are throwing it on the market. It is further presumed that California will pass her next dividend, and that the repairs in the Consolidated Virginia shaft will require a longer time to complete it than was at first presumed.

Other stocks hold their own, and a number, as Union and Ophir, have made an advance. See report.

The following figures will show that the sales of stock in the big Board have been far less during the past six months than during the same time in the past four years. In 1875 the sales aggregated, in round numbers \$125,

000,000. In 1876, \$126,000,000. In 1877, \$23,000,000, and in 1878, \$48,301,000. The following mines have shipped bullion during the past week:

California, July 15th \$158,083 71
Tibbo Con, July 15th 4,564 38
Alta, July 16th 9,639 00
Hackerby, July 17th 14,000 00
Independence, July 15th 12,000 00
Alexander, July 15th 3,799 13
Northern Belle, July 13th 11,322 00

The following mines have levied assessments:

The Tibbo Mining Co. 30 cts per share
Belcher \$1
Modoc 50
S Hill 50
Alta \$1

All delinquent next month.

The Amador Consolidated has declared a 25-cent dividend.

We notice little change in the produce market. Potatoes have fallen a half a dollar on the sack, while Wheat and Barley have advanced. The Wool market is firm, dealers holding for an advance. Nearly all of the spring clip is in. Nevada Wool finds the lowest quotations in the market. The Northern wools of California commands the highest price.

The Reno changes are purely those affected by the San Francisco market. Trade is very quiet, but remains about the same as last week. The transient trade is very light. The local mining stir is fully explained in other articles.

The Indian Mass.

PRESIDIO (San Francisco), July 18th.—The following dispatch to Major Green, commanding officer of Fort Boise, from La Grande, Oregon, was received at headquarters last night: The Umatillas, with Colonel Forsythe and the cavalry column, struck the camp of the hostiles about two and one-half miles from Stark's ranch, in the vicinity of east fork of Birch creek, killing seventeen warriors, and capturing about twenty women and children and sixty or seventy head of stock. The loss of the Umatillas was only two ponies. The Umatillas had previously killed Egan and thirteen warriors, and captured from 250 to 300 head of stock. The hostiles are demoralized, and breaking into small parties with the intention, as reported by the captured squaws, to go into the Weiser country, and make their way to the Bannock or buffalo country.

A FOOL DISTINGUISHES HIMSELF.

BEKER CITY, July 18th.—Last evening, while the Nez Perces scouts, under Lieutenant Williams, accompanied by white scouts belonging to Colonel Sanford's command, went into camp near Anthony's ranch, on the North Powder, and while sitting around their camp fire, the Indians and whites together, all dressed in citizens' clothing a man named Haines, Captain of a volunteer company, who had seen the party enter the timber, fired two shots into the party from a tree about sixty yards distant, killing one of the Nez Perces and mortally wounding another. The man either mistook the party of scouts for hostiles, or thought to distinguish himself by killing an Indian of some kind. The Nez Perces were much incensed at Haines, and it was with much difficulty that the white scouts and Lieut. Williams could restrain them from killing Haines at once. This is an unfortunate affair, as the Indians were rendering very efficient work, and now they will scarcely continue longer in the service. It is feared that this will also drive the Umatillas from the field. At last accounts Haines was under guard and will probably be brought to Colonel Sanford's camp.

Colliery Strike in France.

PARIS, July 18.—The strike at Auzen is one of the most extensive ever known in France. Five thousand colliers have left the pits, demanding higher wages and eight hours a day. There are the usual rumors of foreign instigators and Bonapartist intrigues. The gendarmes had to protect the pits to prevent the agitators from seizing them and stopping work. A number of arrests have been made. Troops have been brought up, and the public houses are closed.

Got in on Him.

Mr. Perkins was a Boston widower, having lost two wives. Miss Carlton was a spiritualistic medium. She went into a trance, and the spirits of the two dead wives, speaking through her, said that she and Perkins ought to marry. Of course Miss Carlton was astounded, after coming to herself, on being told of the communication she delivered, but she was willing to obey. The ceremony was performed the next day.

A SCENE IN THE HOUSE OF LORDS.

The New York Tribune's London special has the following account of an episode in the House of Lords last evening: "Earl Derby said he had left the cabinet because the government resolved upon sending a secret expedition from India to occupy Cyprus and a Syrian port against the will of the Sultan, if necessary. The Marquis of Salisbury, in replying, very emphatically said the statement was untrue. Upon this there was a great uproar among the members, many of whom rose to their feet, whereupon Salisbury substituted the word 'unauthentic' in the place of 'untrue.' Derby reiterated his remarks, when the House was adjourned in wildest confusion." If he had called Derby a d-d liar, and they had collared each other and pulled off their wigs, the most noble lords would have gone into convulsions. Happily he said that Derby was shorting the truth, but when Salisbury saw them rise to their feet and call for the stock, he dropped on himself and ceased his bear movements. Derby said that he would take Anheiser in his.

EDITORIAL NOTES.

Congressman Hunton, of old Virginia, wants to fight a duel with Alexander, champion of the Tax-payers' party at Washington. By the laws of Virginia the sending of a challenge to a man to fight makes the sender ineligible for office. Hunton has sent the challenge. Hunton has the blood of chivalry in his veins and fancies that Alexander is not the one who can let that noble stuff flow upon the thirsty earth. The occasion of this unpleasantness is a quarrel over District of Columbia politics. Frederick the Great, of Prussia, had the most effective yet humane method of preventing duelling. He would hang the successful party.

The New York Tribune says: "Miss Jeanette Bennett, sister of James Gordon Bennett, recently became engaged to Isaac Bell, Jr., a cotton merchant and son of the President of the Old Dominion Steamship Co. He is 29 and she is 23." In point of age we should say a suitable match. We make no charges for the above announcement, but after the wedding we shall expect the usual supply of champagne and fruit cake.

Beecher has reached Chicago, but finds that things pan out so lively that he cannot leave for San Francisco before the 10th of August. We take it that the city of sin will suit him, and that he can get up several first-class sensations in that place. He, of course, will observe due caution and not drop on himself.

Dennis Kearney has gone East—gone East in a palace car. Dennis consents to ride "wid the thaves in broadcloth." Before Dennis gave up earning his living he would probably have counted the ties in going East, or, if in luck, have ridden in an emigrant car. However, the Chinese must go, and dash the expense.

Lord Beaconsfield's statement of the Berlin treaty in the House of Lords proved entirely satisfactory. It was rather long, but none of the lords went to sleep, as they had on their best clothes, and there were a number of distinguished persons present.

BRUTAL TREATMENT.

EDITOR GAZETTE: For some months I have been aware that our town officers were not properly discharging their duties. An old drunk would be promptly hauled up, especially if a good fine could be obtained, while dangerous characters might draw their pistols, shoot, etc., and not be arrested.

I am of the opinion that more than one of our officers and acting officers are not honorable men, to say the least, and should not hold the positions which they occupy. But last night I saw what I consider brutal treatment of a prisoner who was arrested by Constable Barlow, assisted by Mr. Beamer. I believe the fellow goes by the name of Pat. He was drunk, and said that he had \$300, and was making considerable noise on Commercial row about 12 o'clock last night. Barlow arrested him and led him off to the sweat-box back of the Justice's Court. The fellow walked along all right until he got to the door of this temporary prison, when he said something to Barlow, at the same time hanging back. Barlow hit him nearly a dozen blows. The poor fellow was knocked down, but cried out, "Don't bruise me up in this way; if it is my money you want, take it." He was roughly told to get up, but not doing so, Beamer caught him by the hair, and with some assistance from Barlow, dragged him into the sweat-box. A number of men saw this brutal treatment, and can testify to the truth of what I state. Further comment is unnecessary. If such outrages are to be perpetrated by officers, it is time that fact should be plainly made known, and their removal from office demanded. CITIZEN

Burned to Death.

OAKLAND, July 18.—To-day a large can filled with wax and turpentine, in being lifted from a range in Mr. De Fremery's house, on Adeline street, fell and its contents exploded, and a servant girl named Ryan was burned to death instantly. Her body was frightfully charred. A hostler named Cassidy was seriously if not fatally burned. The flames were extinguished with a garden hose.

At Liberty, a settlement in Fresno county, last Thursday, during the afternoon, the children of Manuel Jercacio were playing with matches and a lamp. During play they lighted the lamp, and subsequently broke or upset it, and in a few moments were enveloped in flames, the father, who was near, ran into the house, which was composed of very inflammable material, and succeeded in getting out his children, three in number, but they were so badly burned that two of them, aged respectively two and five years, died in a little while. The other was alive at last accounts, but seriously burned. Mr. Jercacio was badly burned about the hands and face in his efforts to rescue his children.

RESERVATION ITEMS.—From Rev. T. J. Arnold, pastor and farmer of the Pyramid reservation, we learn the following items: There are between 200 and 300 Indians on the reservation. They have under cultivation about 200 acres of land. The principal crop is hay, although a number of the Indians raise a considerable quantity of grain and some vegetables. The low stage of the Truckee prevents as much irrigation as they require. With a larger appropriation many improvements might be made which are now neglected. Quite a number of the Indian men are off harvesting for farmers in the vicinity of the reservation. He says that they are all peaceful and contented.

MANIFESTLY A FRAUD.—"Phew! This is hot enough to roast the devil," exclaimed a perspiring and profane person on Commercial row this afternoon. "Pshaw cried a rough looking old fellow, 'this ain't nothin'; why, when I was in California in forty-nine I—' but the crowd copped him and knocked his hat over his eyes and hustled him around shamefully. "Because," explained a panting leading citizen holding a handful of the old person's hair, "there ain't any pioneers lying round loose to-day. They're all at the picnic. This old codger's a fraud."

PERSONAL.—The many friends of Alf. Doten will be surprised and pleased to learn that he broke no bones during his stay in Reno last night.

Brother Austin, of the Gold Hill News, sampled Reno's lemonade last evening and delighted the lady promenaders with a view of his ravishing burnside.

ANKLE SPRAINED.—W. H. Treadway, in jumping the mill ditch a day or two ago, landed on a rock. The result was that he badly sprained his right ankle, and must use crutches for a few days. If old men persist in treading in the ways of boys they must expect, like boys, to occasionally use crutches.

SENATOR JONES'

Reception in Reno—500 People at the Train—Speech of the Senator.

The active part which U. S. Senator J. P. Jones has taken in the U. S. Senate, and the credit which he has reflected on the people of this State and himself have caused our people to regard him with the highest respect and gratitude. Therefore when the west-bound overland arrived in town last night Jones was greeted with bonfires, anvil firing, music by the Reno band and a burst of hearty cheers by at least 500 voices. Among those who came over from Virginia City, Gold Hill and Carson we noticed A. J. Tyrell, R. A. Taylor, Gus Ash, E. Coyle and A. V. Lancaster, of Virginia City; Alf. Doten, W. F. Austin, E. Greenbelle, and C. C. Stevenson of Gold Hill, and F. Cluggage, of Carson. Congressman Thos. Wren, of Eureka, and Fred Hart, editor of the Reese River Reveille, were also among the distinguished guests present. After greeting his many personal friends, Hon. Jones stepped onto the platform near the telegraph office, and after being introduced to the audience by Mr. C. C. Powning, delivered the following address:

Fellow Citizens of Reno, Ladies and Gentlemen:—I scarcely know how to address you. This hearty welcome affords me a keen sense of pleasure. I am in my own sagebrush State. I am among those who are my friends. We are of the same family circle. I feel prouder than ever that I am of Nevada, and that after representing this State for six years I return to my constituents and receive at their hands that welcome, that evidence which says my public services have been appreciated. I have done that what I thought was for your material interests, but the highest assurance of that fact and the grandest remuneration for all service rendered I see freely manifested here to-night. Dear friends I am deeply grateful to you for this favor. I rejoice that I am one of Nevada's sons, and I return the trust imposed by you six years ago. Dear friends, I bid you good night.

Mr. Jones looks a little worn from his arduous congressional labors, but bears the burden of private business and public service with indomitable energy and intelligent sagacity.

BATTLE MOUNTAIN.—A gentleman from Battle Mountain informs us that those who lost their buildings in the recent fire have taken off their coats and gone to work with a will to repair damages. A number of the wooden structures destroyed will be replaced by brick ones and all the buildings going up are better than the old ones. Aside from the loss to individuals, the fire was in many respects not a misfortune to the town. Judge Scott's paper, the Messenger, will probably reappear about the first of August. The material has been ordered from San Francisco, and will in a few days be put in place in the new Messenger office.

A CARD.

Editor Gazette:—DEAR SIR.—Having engaged myself with the well-known house of E. Kennedy, 505 California street, San Francisco, who has engaged a celebrated cutter from Broadway, New York city, at great expense, I would be pleased to have you send in your order, as I have placed all my measures taken by me on his ledger, and if desired I will send samples of all our late imported English and French goods.

Very Respectfully
J. P. HIXON.

INSANE.—Constable Barlow and Officer Thoms arrested Mr. Rutledge last night under a charge of insanity. He tore up things generally at home, thought the officers intended burning him up at the bon-fires or throwing him into the river. After he was put in jail he set fire to his blankets, but the fire was soon extinguished by other prisoners. He is a man about sixty years of age.

INCORPORATED.—The Doan gold and silver mining company filed their articles of incorporation in the County Clerk's office. Capital stock, \$150,000, divided into 150,000 shares of one dollar each. Location of works, Pyramid mining district; principal place of business, Reno. Trustees for the first year, G. W. Hepperly, F. S. Dickerson, Robert Doan, Charles Knust and Mark Parish.

SEVERE COMPLAINT.—A communication from a reliable party reflects very severely on Constable Barlow and road supervisor Beemer. If the facts stated are true, these officers have committed a harsh violation of their duties as officers, and those who were looking on are certainly lacking in spunk. We trust "Citizen" is in error. If so we will gladly publish the correct version of the arrest in question.

Settings.

—A number of the belated ones went to the picnic on the 12:55 train.

—The Prospect mining company has levied an assessment of twenty-five cents per share delinquent August 20th.

—Right Reverend Bishop O'Connell is in town, and will say Mass at the Catholic Church to-morrow at 10:30 A. M.

—Ex-Governor H. G. Blaisdel, C. E. Laughton and E. J. Parkinson were passengers en route to the bay last night.

—The regular meeting of the Workmen will be held this evening at the opera house. A new president is to be elected.

—Brace, the Elko fraud, has posted off for Bodie. Brethren of the Standard and Herald, look out for your good pipes, specimens, etc.

—The three mile and repeat race between Hazel and Mollie H. yesterday afternoon was won by Mollie H. Time, 5:48 and 6:10 1/4.

—Services at the Methodist church to-morrow at 11 A. M. and 7 P. M. Subject of the evening lecture: "News-papers." All are invited.

—E. B. Norton is suffering from a severe attack of enlargement of the liver and biliousness. We trust that Mr. Norton will pull through all right.

—Constable Barlow arrested thirteen tramps near the V. & T. bridge last night. They were given until this morning to leave town. Properly enough, they skipped.

—Tom Hymers has gone to Camp Bidwell with a United States paymaster. The latter goes to pay off three months' wages to the troops. The confidence of this man is amazing.

—Messrs. Riggen & Buckley have enlarged their store, and will soon add a larger stock of groceries, provisions and crockery, selling at wholesale and retail.

Fred Hart says that Jones was very kind along the way wherever the people were clamorous to see him. The Senator would always kindly consent to speak in his stead.

—Mr. Kirkpatrick left last evening for San Francisco instead of Sacramento. His headquarters will be at the metropolis, but he will occasionally find his way to Reno.

—Senator Jones was serenaded last night at Wadsworth by the Wadsworth band. The old gun was brought out and belched forth its noisy, sulphurous salute. Jones delivered a short address.

—Parties going to San Francisco will learn with much satisfaction that an extra C. P. sleeper will remain at Reno for use in case an unusual number of passengers shall at any time be going west.

—An important meeting of Fire Company No. 2 will be held next Monday evening, to determine what shall be done with the retiring company's money. We presume that they will turn it over to the fire department.

—Mr. Charles L. Queen announces himself a candidate for the office of District Attorney, subject to the decision of the Democratic County Convention. Mr. Queen is a promising young lawyer of this place.

—Mr. Arthur McEwen, former editor of the Eureka Republican, dropped into this office last evening. Mac is a spicy writer and we would hail his writings on one of our Nevada papers.

—Ex-Governor Brown, of Georgia, wife and two children, and Mr. Jas. Jackson and wife, yesterday visited the Comstock and last evening returned to this place, and thence proceeded on his tour of inspection to Georgia.

—We learn from the Gold Hill News that Mr. E. E. Leek left his property by will to his old partner, Harry Clauson. This property, we have been informed, aggregates some \$35,000. The testament will be read on the 27th inst.

—About one hundred and fifty Renoites attended the pioneers picnic to-day. The usual last man was on hand, and this time prove to be Senator Jones. The train stopped for him, and several others, [who were late, thought the conductor showed proper deference to them.

RELIGIOUS LECTURE.—To-morrow evening the Seventh Day Adventists begin a course of religious lectures in the large tent on the corner of West and Third streets. To-day is their Sabbath, but they chose a week day on which to turn loose their polemic batteries.

CARLIN AHEAD.—Thirteen tramps in one night is pretty good for Reno, but twenty-three were counted behind the water tank at Carlin Wednesday evening last, while waiting to jump the west-bound freight train. The railroad company are thinking of supplying the box-cars with explosive bumpers if they can get Edison or somebody to invent a bumper that will blow a tramp into harmless fragments and not hurt the cars.

BRANCH SUIT AND CLOAK HOUSE. Well Brothers announce to the people of Reno that they have just opened in Reno a branch of the Cleveland Suit and Cloak company. As they get their goods directly from the manufactory they can, therefore, undersell all other Reno merchants and yet make a profit on their goods. We have no auction trash, nor do we propose to sell for twenty-five cents what is worth one dollar. We therefore take pleasure in inviting the ladies of Reno and vicinity to call and inspect our stock resting assured that we shall be able to satisfy them both in regard to price and quality of the goods. Store on east side of Virginia street, Reno, Nevada. 5-3-1f WEIL BROTHERS.

SELLING OUT, JELLING OUT.—Weil Brothers, of the Branch Suit and Cloak House on east side Virginia street, would inform the ladies and their patrons generally that they will close out their large stock of Ladies Embroidered and underwear, etc., by August 1st. The remainder of their stock will be sacrificed in order to close it out by the date mentioned. The ladies should call and secure bargains as early as possible. WEIL BROTHERS.

FELLOWS'
Compound Syrup.
—OF—
HYPOPHOSPHITES.

THIS DISCOVERY
Is the result of a series of Scientific Experi-
ments based upon the theory that "for the
successful cure of Wasting Diseases, the ner-
vous system must be made vigorous and
healthy."

One of the first symptoms of disease affect-
ing either the Liver, Lungs, Heart, Stomach,
or Genital Organs, is a loss of nervous power.
This is followed by muscular relaxation, weak-
ness, and emaciation of all the organs which
depend upon them for health or involuntary
muscular action, the weaker suffering first.

The inventor, acting upon this idea, that
muscles and nerves depend upon each
other for efficient strength and action, and
that they must be treated directly in order to
speedily and permanently cure diseases of the
organs which they control, became convinced,
after months of experiment, that no other
preparation produced such potent and direct
effects upon the nervous system as his

and except in cases of actual organic loss, that
it would restore patients suffering from those
maladies.

Amongst the diseases overcome by the use
of this remedy are the following:
Chronic Constipation,
Chronic Dyspepsia,
Asthma,
Chronic Bronchitis,
Consumption,
Chronic Diarrhea,
Melancholy,
Nervous Debility.

Debility, resulting from Typhoid and other
fevers, Diphtheritic Prostration, Hysteria,
Hypochondria, Nervous Excitability, Maras-
mus or Wasting of the Muscles, Aphonia or
Loss of Voice, Sluggishness of the Liver, In-
terrupted and Feeble Action of the Heart,
Suffraging Febrile action caused by mucous
obstruction of the Lungs and Air Passages lead-
ing thereto, and Debility from various causes.
Indigestion and habitual Constipation
almost always arise from weakness of the
muscles and nerves of the stomach and bowels.
In such cases, Fellows' Compound Syrup of
Hypophosphites has proved itself of the great-
est service by inducing healthy peristaltic
action of the intestines. The evacuations
soon become copious and healthy, without
producing the effect of purgative medicine.

Weakness of the Joints and Muscles, IM-
purity of the Blood, and INWARD WAST-
ING may be cured by attention to the regu-
lar described doses, and by due regard to the
habits of life.

FELLOWS'
Compound Syrup of Hypophosphites
The power of arresting diseases displayed
by this preparation is honorably acknowledged
by the medical faculty in every section where
it has been introduced, and the large sale is
the best guarantee of the estimation in which
it is held by the public.

This syrup will cure PULMONARY CONSUMP-
tion in the first and second stages, will give
great relief and prolong life in the third. It
will cure ASTHMA, BRONCHITIS, LARYNGITIS,
and COUGHS. It will cure all diseases origi-
nating from want of MUSCULAR ACTION and
NERVOUS FORCE.

Sold by all Druggists.
